

## Incoming students

The school welcomes students on an exchange programme during the 2<sup>nd</sup> (semesters 3 and 4) and 4<sup>th</sup> (semesters 7 and 8) years.

### Formalities

To be able to enrol at the École Supérieure d'Art et Design Toulon Provence Méditerranée as a student, the original/home school must be in contact with the International Relations Office in order to sign a bilateral agreement.

The various formalities for departure, enrolment and monitoring of the student are defined, according to request, by the International Relations Office of the original/home school in agreement with the International Relations Office of the ESADTPM.

### On site

The student must go to the International Relations Office on arrival in order to signal arrival and so that the Office can present the school's premises.

At the same time, a referent teacher who will monitor academic studying, or a placement tutor will be presented to the student.

Throughout the duration of the exchange the student is invited to follow French as a Foreign Language in classes in order to be able to use the French language easily.

### Placements and courses

Thanks to the ERASMUS programme and to the different partnerships (outside the ERASMUS programme) that have been developed by the school, foreign students have been able to obtain placements or follow their academic studies within the ESADTPM.

For several years now the school has welcomed foreign students from all around the world. Since 2004, Chinese students from the Fine Art School in Tianjin integrated the school for placements lasting one full year.
