

Staff mobility

The teachers and the administrative staff of ésadtpm can benefit from the international mobility policy thanks to the ERASMUS + programme and the partnerships developed by the school outside ERASMUS +.

Why go on a mobility program?

An Erasmus + mobility enables you to :

- a teaching assignment in a school abroad
- an observation placement, enabling you to follow a counterpart in another higher education establishment
- training abroad to broaden your professional, cultural or linguistic knowledge
- a preparatory visit to a partner school to prepare for future study visits

Teaching mobility

Teachers may give courses in a foreign establishment. The duration of the mobility can vary from *2 days (teaching a minimum of 8hrs) to 2 months*. The object being to teach courses that are an integral part of the official curricula of the partner establishment.

Teacher mobility (up to 4 teachers per year) enables, through the participation of a teacher from the ésadtpm during conferences and workshops, to sustain durable relations with establishments all around the world.

If you would like to do a teaching mobility at one of our partner schools, please contact the International Office at internationaloffice@esadtpm.fr.

Training mobility

This mobility programme is open to all ésadtpm staff (teaching, administrative and technical staff). The training period lasts from 2 days to 2 months (excluding travel time).

This type of mobility can be carried out in different ways: certified training, an internship, observation or an exchange of best practices in a company or higher education establishment in a country participating in the Erasmus+ program and in a partner country.

This type of mobility can cover a variety of subjects: teaching methods, culture, social issues, language courses, international affairs, research and development, mental health, professional development, communication, etc.

If you would like to take part in a training mobility programme and find out about the possibilities, please contact International Relations at <mailto:internationaloffice@esadtpm.fr>.

Incoming mobility

ésadtpm offers foreign teachers the opportunity to participate in conferences and workshops in order to enable students to develop their personal and cultural awareness, as well as providing teachers of the school concerned with the opportunity to be mobile in foreign schools. This system of a dual mobility is a factor of reciprocal recognition of each establishment's own academic curricula and enables the partner establishments to improve the global system of student mobility.

If you would like to apply for a teaching mobility at our school, please contact the International Office at internationaloffice@esadtpm.fr.
